

# PROJECT INFORMATION REPORT

City of Los Angeles

Bureau of Engineering

Department of Public Works

## Riverside Dr Bridge/Zoo-1298

(X143)

<b>Current Phase</b> Construction	<b>Scope of Work</b> The project involves the rehabilitation and widening of the existing bridge. Rehabilitation will be achieved by improving the seismic resistance of the structure. Widening of the deck is proposed along the down stream side of the bridge with minimal alterations to the bridge expected along the upstream side. As part of the funded project, eight foot wide sidewalks will be incorporated, and bike traffic will utilize added shoulders across the bridge to join the Los Angeles River (LAR) Bikepath network. Additional funding acquired for the concurrent construction of a bikeway underpass to connect a dedicated bikepath along the LAR.
<b>Construction Information</b> Expected Duration: from 12/18/2015 to 11/30/2019 Construction Cost: \$13,381,578 Contractor: Ortiz Enterprises, Inc.	
<b>Program Information</b> Group: Bridges and Streets Program: Bridge Improvement Program Project Mgr: Jing Wen Jaw PM Phone: (213) 485-5174 Lead Division: Bridge Improvement Division Work Order: E700030A (Active)	
<b>Council District(s)</b> 4 - David Ryu	<b>Project Status</b> The project is currently in the Construction Phase.
<b>Neighborhood Council(s)</b> Los Feliz NC	The bridge is open for traffic in each direction as well as sidewalks on each side. The bike path is currently closed to access due to ongoing work. Work on the bike paths consists of installing the solar lighting fixtures, chain link fencing, security gate and signage. Remaining work on the bridge consists
<b>Funding Source</b> Gas Tax Fund, Seismic Bond, Highway Bridge Replacement and Rehab. Program	<b>Geographic Information</b> Planning Area: Central Area Address: Riverside Dr Bridge (near Zoo Dr) over LA River
