

CITY OF LOS ANGELES
INTER-DEPARTMENTAL CORRESPONDENCE

Date: February 4, 2002 **File:** HTP-2114-6-2

To: Mike Brown, Acting Division Engineer
Geotechnical Engineering Division

From: Harshad Shah, Acting Division Engineer
Environmental Engineering Division

Subject: 2114 HTP-PBA MODIFICATIONS, W.O. E2000653
UNDERPINNING EXISTING STRUCTURE

EED staff met with your staff on May 2, 2000 at 1:30PM to discuss the measures to underpin the existing structure for this project. It was concluded that jet grouting of the existing influent channel wall would be an efficient measure to underpin the existing structure. Thus we are requesting Geotechnical Engineering Services to amend the existing soil report to incorporate provisions for the underpinning.

If you have any questions regarding this request, please call Ramnik Mungra or Jeong Park at (310) 524-8331 or (310) 524-1116 respectively.
